

HON. N. W. ROWELL REPLIES TO THE TORONTO GLOBE

President of the Privy Council Discusses the Political Problems of the Day in a Clear and Comprehensive Manner—"The Union Government Must Carry On Until It Has Completed Its Task" He Declares—In the Meantime He Has Changed Neither His Position Nor His Political Principles Since He Became a Member of the Cabinet.

"I have not changed either my position or my political principles since I entered the Union Government, and I am not prepared to do so. I am a Conservative, and I am a Conservative today, as I was at that time, the change is not due to any act of mine."

"I was elected in Durham as a Liberal supporter of the Union Government, and I am a Liberal today, as I was at that time, the change is not due to any act of mine."

"The foregoing were two of the many outstanding statements made by Hon. N. W. Rowell, President of the Privy Council, in the course of a recent interview at Okanagan Centre where he is spending a holiday on his fruit farm."

"From which," he remarked, "he had sought to get away from politics for a time."

Replies to the Globe.

"I have just had the opportunity," he began, replying to the Globe's recent attack on him, "of reading its editorial of July 15, entitled 'Mr. Rowell Crosses the Floor,' and I must confess my very great surprise at the tone and character of the editorial. The Globe and I have been old and warm political friends for many years. While we have not always agreed, I believe I am correct in saying we have entertained the same general political ideas, and have followed the same general policies, and if the Globe and I are not agreed today it is because the Globe has 'crossed the floor,' not I. I cannot believe, however, that the Globe has really changed its political ideal, and the difference between us is, in reality, a difference in method rather than in principles."

"Greatly as I regret to differ from the Globe on a serious political issue, I cannot permit even an old friend like the Globe to misrepresent my attitude or mis-state my position at this time. All who have followed the course of the Globe must have observed that the editorial and news columns, for the past six months, have indicated, with increasing clearness, that the Globe had decided to withdraw from co-operation with the Liberal-Unionists."

"It is stated on reliable authority that the Union Government, and cast in its lot with the Opposition-Liberals. No one will question the right of the Globe to 'cross the floor' and take its position with the Opposition if it chooses to do so. I submit it should frankly tell its readers its position, rather than suggest, as its editorial does, that its present attitude is in some way due to some supposed action of mine."

"The Globe says a new party has been formed, composed of the Liberal

SPECIAL TRAIN SERVICE FOR PEACE CELEBRATION

Excursion Trains and Special Steamers Arranged for Next Monday and Tuesday.

Mayor Shatford has been busy for the past week arranging special train and boat services for the big celebration, and Mr. J. Harwood made a trip to Vancouver this week to take the matter up with Passenger Supt. Brodie of the C. P. R.

As a result of their efforts special trains will run from Sicamous and return on both days, and a special boat service will convey passengers up the lake from Penticton and other points on Monday, returning the same night.

All particulars will be found in an advertisement on another page in this issue of the News.

WELCOME RAINS.

Calgary, July 30.—General rains throughout the southern section of the province yesterday and last night indicate that the long drought is broken and the situation as regards feed shortage for cattle is rapidly becoming alleviated.

FOCH IN LONDON.

London, July 30.—King George today received Marshal Foch at Buckingham Palace and conferred upon him the rank of Field Marshal. Marshal Foch later was escorted to the Guildhall where he was given the freedom of the city and presented with a sword of honor. The Lord Mayor of London entertained the Marshal at luncheon in the Mansion House.

CARL WAGNER IS COMMITTED FOR TRIAL

Participant in Brawl in Which Leo Mueller's Neck Was Broken Held on Murder Charge.

As a result of a preliminary trial held on Friday before Police Magistrate Heggie, Carl Wagner, a German prisoner in the local internment camp, was committed to the Supreme Court on a charge of murder. This is the outcome of the brawl which occurred at the camp on July 8th in which another prisoner, Leo Mueller, sustained injuries which resulted in his death three days later from the effects of a broken neck.

Much of the evidence brought forward on this occasion was of a similar nature to that submitted at the coroner's inquest, but some new light was thrown on the circumstances surrounding the fatal blow by the testimony of two new witnesses, Mr. and Mrs. Marks.

These witnesses are also interned prisoners, and testified that they had seen the affray. Marks said that at one time he had been connected with the fighting and wrestling "game," and was thoroughly conversant with the rules of the ring. According to his description of the brief fight, which lasted only for about a minute, Mueller put his head down and ran at Wagner, striking him with his head. Wagner got his left arm around Mueller's neck, and holding him in this lock shoved Mueller over, pressing his right hand against Mueller's left shoulder. Mueller dropped back in an inert condition. As Mueller lay powerless, Wagner fell him three times in the face.

"According to the witness, such a hold as this is forbidden by wrestling rules, as it is liable to break a man's neck. The witness said that it was apparent that neither of the men knew anything about scientific wrestling, and he did not think that Wagner had any idea that this was such a dangerous hold."

It will be recalled that at the inquest Dr. Boyce gave evidence showing that from a post-mortem examination he had made, he had found that Mueller's death was caused by the fracture of the third vertebra of the spinal column, which had crushed the cord. He repeated this evidence at the magistrate's court, illustrating it by a section of a spinal column which he had taken down and signed for him. In this statement Mueller had said that he did not consider Wagner responsible for his injuries. He had charged Wagner, striking him with his head on the abdomen and clamping him about the hips. They had gone down with Mueller on top. Mueller could not get on his arms and legs were powerless and had no feeling.

The case for the prosecution was conducted by W. H. D. Ladner, M. Grossman of Vancouver appearing for the defence.

The magistrate committed the prisoner for trial at the next court of competent jurisdiction.

MANY AMENDMENTS

If American Senate Had Its Way There Would Be Little Left of the Peace Treaty.

Washington, July 30.—Some idea of what may be expected when the Senate's Foreign Relations Committee really gets into action on the peace treaty is furnished in the statement of Senator Fall, Republican of New Mexico, who has prepared seventy amendments for submission to that body.

No intimation is given as to the clauses at which these amendments are aimed, but evidently only a few can escape.

Other Senators are not less enthusiastic over changes, and if the committee could have its way by the time they have been through with the treaty there is every reason to believe that the Big Five would not recognize their offspring.

FRED PETERS DEAD.

Prince Rupert, July 28.—Fred Peters, K. C., city solicitor here and former Premier and Attorney-General of Prince Edward Island, died at his home yesterday afternoon after a brief illness.

WILL INVITE THE PRINCE OF WALES

City Council Will Extend Invitation to His Royal Highness to Visit Vernon and District.

NO VOTES FOR WOMEN

Request to Compel All Women Who Do Not Hold Property to Pay the Road Tax and Thus Qualify as Voters Does Not Meet With Favorable Consideration—Motor Traffic To Be Directed on Barnard Avenue by "Silent Policemen."

An effort will be made to have His Royal Highness the Prince of Wales include Vernon in his western itinerary during his visit to this province in the latter part of September. The matter was brought up at the Council meeting on Monday night by Ald. Cossitt, who said that he had noticed in press reports that the Prince would return east via the Kettle Valley Line through Penticton, and he thought that an invitation to his Royal Highness to visit the famous fruit district of the Okanagan with a stop-over at Vernon. The following resolution was accordingly passed:

Moved by Ald. Cossitt and Madden that the City of Vernon extend an invitation to His Royal Highness the Prince of Wales to visit Vernon and the surrounding fruit district when visiting British Columbia.

SUGAR SHORTAGE SERIOUS PROBLEM

Sale of Preserving Fruits Imperilled on Prairie Markets on This Account.

Secretary R. M. Winslow of the B. C. Traffic and Credit Association has kept the wires hot for the past few days in an effort to combat a very serious situation that has arisen in connection with the shortage of sugar on the prairies. Unless a speedy change for the better is effected in this respect, says Mr. Winslow, export of preserving fruits from this province to prairie points will come to a standstill. This would mean an incalculable loss to the growers now that the shipping season for apricots, peaches and plums is approaching with the time for moving crabapples not far distant.

There is no scarcity of raw sugar in the country, but owing to recent strikes at the B. C. refinery at Vancouver which largely supplies prairie points has been unable to catch up with the demands, while heavy exports of sugar to Europe from the eastern refineries have depleted the Canadian supplies to such an extent that Mr. Winslow is advising the B. C. Traffic and Credit Association to place an embargo on the export of sugar by the Ottawa authorities, following similar action taken last week by the American Government. "Canada will be nearer cash than it has been for some time," says Mr. Winslow.

On Tuesday Mr. Winslow received the following reply from the Trade Commission which he considers far from satisfactory:

"Ottawa, July 28th, 1919.
"B. C. Traffic and Credit Association,
"Vernon, B. C."

WIRELESS TO OTTAWA.

The Dominion Trade Commission is in session now at Ottawa, and Mr. Winslow has kept the wires busy advising them of the gravity of the situation and urging the Trade Commission to take charge of the distribution of sugar in Canada so as to relieve the shortage quickly and uniformly in all sections. He has also asked Premier Oliver on the matter asking him to urge upon the Ottawa authorities to take similar action to that of the United States.

REPLY FROM COMMISSION.

On Tuesday Mr. Winslow received the following reply from the Trade Commission which he considers far from satisfactory:

"Ottawa, July 28th, 1919.
"B. C. Traffic and Credit Association,
"Vernon, B. C."

HUNGARIAN SOVIET

Basel, July 30.—The Hungarian Soviet Government is badly shaken by the defeat of the Red army, according to advices from Vienna and as a consequence the opening of four parlors has been requested of the Allies for the voluntary withdrawal of the Soviet Government and the formation of a new government. Col. Cunningham, representative of the Allies, has forwarded the proposal to Bucharest.

Bucharest, July 30.—The offensive of the Hungarian Soviet Government troops along the Ipa River has been completely broken up and the initiative in these operations has passed to the Rumanians. It was announced here today.

LONDON, JULY 30.—REUTERS

stands in connection with Allied warnings to Bela Kun that arrangements have been made for a Franco-British advance to break the right flank of the army of Bela Kun should the latter not comply with the Allied terms.

GEN. CURRIE'S MOVEMENTS.

Ottawa, July 30.—With the settlement of the dock laborers' strike at Liverpool the probability of a recall of Sir Arthur Currie, Commander of the Canadian forces, has passed away. The Metagama which will bring General Currie to Canada is expected to sail from Liverpool, but if there is a delay in the departure of the vessel it will not be for more than a day or two.

WILHELM IS HOUSE-HUNTING.

Amsterdam, July 28.—The ex-Kaiser seeks a new residence. It developed today when it was learned that his agents have gone house-hunting in the neighborhood of Amsterdam. Wilhelm desires to leave the Dutch castle of Count Bentinck, in which he is now living. It is stated.

TWO AIRPLANES HERE ON MONDAY

Not only will the airplane that is to give its flying exhibition and night raid reach Vernon on Monday at 2 a.m., but a second machine will also be in the city that morning on a trans-Rocky flight from Vancouver to Calgary. Lieut. Trim, a noted flyer, will be in charge of the machine that will stay here during the two days' celebration, while Capt. Hoy will stop here on his trip across the mountains.

Mayor Shatford received this information yesterday afternoon in the following despatch:

"Vancouver, July 30.
"S. A. Shatford, 7
"Vernon, B. C."

"Two planes leave Vancouver for Vernon. Capt. Hoy in night stop flight Vernon 7 a.m. From Vernon proceeds trans-Rocky trip. Lieut. Trim arrives 9 a.m. and will give exhibitions on Monday and Tuesday and night attack."

"CHARGES" ARE ABSURD

Toronto, July 28.—"So absurd as to preclude any further discussion," said Premier Hearst today with reference to the charges levelled at him by Hartley Dewar, Liberal leader in Ontario, at a Liberal convention at Kincardine on Friday night. He characterized Mr. Dewar's assertion that he and Hon. W. B. Egan, president of the privy council, Ottawa, had conspired in 1917 to hand the Ontario Liberals over as chattels to a permanent Unionist party as "ridiculous and without the slightest foundation."

GOVERNMENT DECIDES ON WHEAT POLICY

Ottawa, July 30.—The Government this afternoon finally determined its policy in regard to this year's wheat crop. The main features of the plan are:

1. Board to buy and market the crop of 1919.
2. Cash payment on account to be made to the farmer at time he sells his wheat.
3. The wheat crop of Canada to be sold by the Board at prevailing prices, and the surplus proceeds, after expenses are deducted, to be distributed to the original sellers or the wheat in proportion to grade and quantity.
4. No speculation in wheat, or about scientific wrestling, and he did not think that Wagner had any idea that this was such a dangerous hold.
5. Direct and immediate cash sale by the farmer and a speedy movement of the crop through the usual channels of transportation.

WIRELESS TO OTTAWA.

The Dominion Trade Commission is in session now at Ottawa, and Mr. Winslow has kept the wires busy advising them of the gravity of the situation and urging the Trade Commission to take charge of the distribution of sugar in Canada so as to relieve the shortage quickly and uniformly in all sections. He has also asked Premier Oliver on the matter asking him to urge upon the Ottawa authorities to take similar action to that of the United States.

A GREAT PROGRAMME FOR THE PEACE CELEBRATION

Every Returned Soldier Will Be Given a Warm Welcome to the Big Rally Days and Re-union to be Held Here Next Monday and Tuesday—Biggest Line of Attractions Ever Arranged by Any Interior City—Spectacular Airplane Flight and Night Attack—Bucking Horse Contests and Boxing Bout, With Many Other Interesting Events.

It has been found impracticable to issue personal invitations to each returned soldier to be present at the Big Rally celebration and banquet next Monday, but the City is anxious that every returned man shall consider himself its guest during the two days of the celebration. It is hoped that the kind invitation extended through the press will be taken as a full and sufficient indication that the warmest possible welcome awaits every soldier who attends our big celebration next week.

It will be a great event! There is now not the slightest room for doubt that, given good weather, the affair will be the biggest and most successful celebration ever held in the interior. The programme is the most ambitious and attractive thing of the kind ever arranged in the Okanagan, and there will be "something doing" every minute of the two days.

The hearty co-operation of the citizens committee and the Great War Veterans' Association has made this possible, and all preliminary arrangements have now reached a stage that spells "success" in the biggest kind of letters. Excursion trains will furnish accommodation for the crowds that are expected from Kamloops, Revelstoke and intervening points on the C. P. R. line as well as from all parts of the Okanagan.

United Service.

It has been rightly considered fitting that this celebration of a victorious peace should be inaugurated by a service of thanksgiving, praise and supplication to Almighty God and a program of service on Monday morning will start at 9:30 o'clock with a united service of the city churches which will be held in the park with the Bishop of Kootenay presiding. The Rev. L. A. Lockhart of the Baptist Church will deliver the address, and the City Band will furnish the music.

Parade and Procession.

Chief Moffat of the Fire Brigade, chairman of the Parade Committee, is able to announce that this feature will be by far the biggest and best ever pulled off here. Upwards of 50 decorated floats have already been promised, to say nothing of decorated cars. The G. W. V. A. float will lead the parade and the soldiers in uniform will form part of the procession.

Will Wear Decorations.

President Lefroy of the G. W. V. A. has obtained permission from the military authorities for the returned men to wear their uniforms and decorations on this occasion, and it is urged that this be followed out by every returned man.

Chief Clerk of the City Police Force will be Grand Marshal of the Parade, and it will start promptly at 11:30.

VOTE OF CONFIDENCE

Ebert Government Sustained by a Large Majority in the National Assembly.

Weimar, July 30.—Confidence in the Ebert Government was voted by a large majority in the German National Assembly today. By a vote of 248 to 13 the Assembly defeated a motion censuring the Government presented by the party of the right. A bill creating a state tribunal to try persons responsible for the war has reached a special committee, which will consider it, it was announced today.

The tribunal as provided in the bill will consist of prominent German jurists and historians.

Foreign Minister Mueller declared before the Assembly that the Government favored Ebert's Ministry. The proposed extraordinary tax of wealth was voted upon favorably on Tuesday.

ANOTHER PIONEER GONE.

(From the Okanagan Commoner.)

A pioneer resident of the district passed away on Monday evening last in the person of Mr. George Patchett, whose death took place at his home on the Back Entry road. Deceased had gone out on Tuesday, the 15th, to fix a flume which was used for irrigation purposes. The day was the hottest of the season, and after becoming overheated, he sat down to rest on a log. He sat perhaps too long and as a result did not feel well during the remainder of the week. On Saturday he became worse and pleurisy was followed by pneumonia, the ending coming at 9:30 on Monday evening last.

Mr. Patchett, who was in his 62nd year, was widely known in the district. He was one of the earliest settlers at Lansdowne, and his eldest daughter was the first white child born in Armstrong. He was engaged in the fruit business, etc., but finally settled down on his farm.

Mrs. Patchett was away visiting in Alberta when the illness occurred, but returned last Saturday, accompanied by her daughter, Christina. She leaves to mourn his loss the mother and five daughters, Miss Mae, of Victoria; Mrs. White, and Christina, Leathie and Delbia, and two sons, Arthur and George.

ALLAN STUDDOLME DEAD.

Hamilton, Ont., July 28.—Allan Studdolme, labor member of the Provincial Legislature for the riding of East Hamilton, died at his home here this morning. Mr. Studdolme suffered a stroke last week while attending a soccer football game. Little hope was held out for his recovery from the

APPLE PRICES ARE ON THE UP GRADE

Shipment of Poor Olivet Cherries Detracts From General Excellence of Okanagan Products.

J. A. Grant, Provincial Markets Commissioner, says in his weekly bulletin from Calgary, regarding the American North-West apple situation:

Government crop estimates were excessive. The advance buyers are now convinced that apple prices are on the up grade. They advised holding off until harvest time, in order to keep prices low. Estimates of 2,500,000 boxes in flood River, have been given for 1,500,000. The following list of offerings for the week ending July 27th shows the position of the market to the south of us. Few American sales are reported on the prairies. Currency exchange is a factor in British Columbia's favor. The American Wagner is now priced. This must not mislead B. C. Wagner growers. Our Wagner should open from \$2.00 to \$2.25 for strictly No. 1. Apples—Wenatchee and Yakima—Offerings Subject to Confirmation.

	No. 1	No. 2	No. 3

The Week in Calgary.

This has been a busy week in Calgary. The distribution arrangements for car lots of raspberries went astray. Twice during the week cars rolled in from Hattie and Harry on the same train. Today the market is bare, and Hattie has two cars rolling. Sugar shortage and high prices make careful distribution a very important point. Every opportunity was present to cut prices, but thanks to the good condition of berries in the cars this was avoided. A few cases of mould were discovered in Calgary and Winnipeg.

(Continued on Page 9.)

WEEKLY MEETING OF WAR VETERANS

Plan for Co-operative Store Endorsed—Preparations for Sports and Parade on Rally Day.

There was a good attendance at the G. W. V. A. meeting on Tuesday evening when a number of committees reported as follows:

Sports.

Comrade Barber, chairman of the Sports Committee, gave details of the 24-event programme of sports which had been arranged for August 4. He requested that as many as possible be present at Comrade J. J. Langstaff at the customs office, who was acting as secretary. Good prizes would be offered. There was an event to suit every man, even the disabled, and he hoped all returned men would be present. The program was held open on the ground to allow visitors a chance of getting into the sport.

Co-operation.

Comrade Sturges reported for the Co-operative Committee. He said they had met on Tuesday when it had been decided to send invitations to all associations and societies interested to meet in a joint meeting at the court house on Saturday, August 9th, at 3:30 p.m. The meeting would consist of delegates or representative persons and the question of forming a joint committee would be taken up. It was proposed to have one or two special speakers present to address the meeting.

The report called forth considerable discussion. It was the consensus of opinion that the association was moving in the right direction, and that it was not the intention to put pressure on any man to come in any co-operative store should be limited in their issue so as to give the man in a small way equal chance with the money man. It should not develop into a capitalist's undertaking. In answer to a question, the chairman said it was not the intention to put pressure on any man to come in any co-operative store should be limited in their issue so as to give the man in a small way equal chance with the money man. It should not develop into a capitalist's undertaking. Sale Price.....\$1.45
Infants' Patent or Kid Ankle Strap Pumps, all leather.
Sale Price.....\$1.95

CORRESPONDENCE

CITY TAXES.
Since it has become known that the Corporations of Vernon and Armstrong have been successful in their appeal before the Privy Council for payment of taxes on right-of-way by the Canadian National Railway, an impression prevails among some citizens that this to a great extent solves the financial difficulties of the city, and provides a nice sum of money for the various departments to spend. This is an entirely erroneous idea. As explained in a previous communication, a municipality may in any one year raise by way of taxation, in addition to other rates, proper carrying on of the city's work, and for providing interest and sinking fund for the payment of the debentures as they mature. Therefore the arrears covered by the amount due by the C. N. R. have from year to year formed a part of the regular revenue of the city for such years, and when collected, will merely be placed in the sinking fund where it rightly belongs. The only immediate benefit to the city is that, as this claim has been allowed, no provision will need to be made during the next few years to provide for this as would have been the case had it not been allowed.

About your own taxes. Are you making provision for them between now and September 10th? Have you gone thoroughly into the terms and conditions embodied in your tax notice? If not, it will be to your advantage to do so. As taxes must be paid, why not arrange for them to your own best advantage? Why not save as much as you can for yourself? Remember that even though you may not owe any arrears, failure to pay your current taxes by September 10th next will at once cause 15% to be added—a pretty heavy penalty, but one which can not be avoided by the city.

As above suggested, look over your tax notice very carefully; figure out what you will save by paying promptly, and what failure to do so will add to your taxes, and the difference will surprise you.

And do not overlook the fact that in addition to the 15% which is immediately added after September 10th, all taxes not paid by the end of the year will at once be subject to 8% interest until paid. It will therefore be self evident that prompt payment of taxes is not only desirable but highly profitable and advantageous.

ROAD WORK.
Sunnyvale, B. C., July 25, 1919.
Editor Vernon News.

Dear Sir,—In your issue of July 17th I saw a letter published by a Mr. Harrison. It appears that he and others have been trying to get a road or trail into their places, and have been as he puts it, "cut" by the road superintendent.

A short time ago I made a complaint to Dr. E. C. Macdonald that what money was being spent in my locality was being wasted. The road needs the work in the worst way, not just merely so much money spent on it, now. Although I made the complaint, there were others who considered it overrated.

Mr. Macdonald said he was pleased that this had been brought to his attention, and said he would send out the superintendent to investigate. He came and looked the thing over. I presume, and called at my place on his return, but I was not at home. He was told when he came that I was in town, so he said he would look me up, but I think he must have lost the trail. I suppose he considers the matter dropped. That's all the satisfaction we get, but it is reported that he told these men to go ahead, that it was only someone looking for a job. Now, I consider that a slur, and I want Mr. Superintendent to know that I am looking for no job on the road, but there are others that should be looking for a job in their line, for if rumors are correct, these people are a long way from their calling. I also understood that there was to be no family affairs in this road work. Then, why was a good man and team put off the job to make room for the family team? I don't sit still in saying that of this man has been kept on the work would have been done better and in half the time. I have been in this valley about twenty-five years and have worked on the road some, but we had to put in more than three or four hours a day and every man had to be on the job. But now it appears they can go any time they like and if a taxpayer puts in a complaint he is looking for a job.

In Mr. Harrison's letter of July 17th he says they plead lack of funds. Surely they can't be short of funds the way they are throwing them around, but, if so, all the more reason why we should have a man that will see that what funds are available are wisely spent and a little show made.

I thank you, Mr. Editor, for taking up your time and space.

Yours respectfully,
A. MILLS.

HYDRO-ELECTRIC POWER.
Long Lake, Vernon, B. C.,
28th July, 1919.

The Editor of the Vernon News.
Dear Sir,—The meeting held in Vernon last Thursday to discuss hydro-electric power seems to have stirred up much interest that I venture to send you a few notes of work done in connection with the schemes referred to.

In July, 1912, I received instructions from the Minister of Lands to report on "the hydro-electric possibilities of the Adams River and Adams Lake. By accurate gauging, etc., for several weeks I found that at that time of the year some 50,000 electric horse power were available, and that Adams Lake, a sheet of water about 40 miles in length, would form a comparatively small, but a magnificent reservoir for conservation purposes. If 50,000 E.H.P. were available in July, it would be fairly safe to estimate a low water flow of 20,000 to 25,000 E.H.P.

In May, 1919, I was asked by the Adams Power Co. to report on the probable requirements of the district in the consumption of hydro-electric power. I consequently visited every town and district from Pentton to Kamloops, and found that though at that time the use to which electric power was put was very small, the suggestion of hydro-electric power was cordially received throughout, and that the opinion was unanimous, even 10 years ago, that great advantage would be reaped.

I should like to remind you, however, with reference to the resolutions put before the meeting, that it is a fairly well accepted fact that electric traction cannot economically compete with steam on rural railways. The urban lines, such as in London, England, where there is a two minutes service, or in city tramways, its most effective use is found.

As Mayor Clinman referred to the use of hydro-electric power in pumping for irrigation, I should like to mention that the Department of Agriculture at Victoria supplies pamphlets (such as Bulletin No. 44) which give great assistance on this matter. Undoubtedly a large acreage will be put under irrigation by this method as soon as a cheaper power is provided.

Yours faithfully,
W. R. C. MORRIS.

TO POULTRY BREEDERS.
Vernon, July 28, 1919.

In responding to calls throughout the district I have frequently been consulted regarding the various diseases of poultry. The intrinsic value in individual cases is not such as would warrant a charge being made, although the collective value of a flock may be considerable, and as a natural consequence this branch of veterinary science has been somewhat neglected. Through the kindness and courtesy of the management of the Vernon News in donating space I now propose with the co-operation of the poultry raisers of the district to conduct a weekly column devoted to the diseases of poultry, through the medium of which I will endeavor to answer any questions you may care to ask regarding the care and treatment of domestic fowl.

In forwarding your questionnaire kindly address Poultry Division, Vernon, B. C., and give a brief synopsis of the history and symptoms observed. All communications must be signed by the sender. Both question and answer will be published in the following issue of the News, initials only being used. I assure you that this column will prove of some value to readers of the Vernon News, and assuring you that I expect to derive some benefit by being obliged to keep in touch with the most recent advances in the science of poultry husbandry.

Yours very truly,
R. C. DUTHIE, V.S., D.V. Sc.

BIG MINERS' STRIKE REACHES AN END

Premier Lloyd George Makes Agreement Whereby 250,000 British Miners Return to Work.

London, July 25.—The strike of approximately a quarter of a million men in the coal-mines, that threatened to paralyze many of the most important industries of the country, has been ended by a conference held today between Premier Lloyd George and the executive of the Miners' Federation, said an agreement had been reached and that the principle laid down by the Government in its proposals had been adopted. The Government proposition, based on the interim report of the Sankey commission, which estimated that the reduction of output through the reduction of hours would be less than 10 per cent, afforded a government assurance that the miners would not suffer any loss in earnings and that the piece rates would be increased by an amount which, on the average, was found necessary to correspond with the 10 per cent, reduction in hours.

In order to carry out this agreement, says the report, it was necessary to fix a definite average of reduction in working time, resulting from the introduction of the seven-hour day, and after an examination of the figures it was decided to accept 10 per cent as the basis for this calculation.

Before today's conference began it was understood that the Miners' Federation officials had accepted the principle of the Government's offer for the settlement of the Yorkshire dispute. Their conference with the Premier began early this afternoon. Late in the day, after reaching an agreement, Secretary Hodge of the Miners' Federation issued a statement strongly urging all districts affiliated with the federation to accept the settlement, and to work loyally to meet the government's work. Robert Smith, the leader of the Yorkshire miners, has kept aloof from all the negotiations and it is not yet certain that he will accept the settlement.

The Premier's offering to the striking industry placed Smith in a horn of a dilemma. It was thought unlikely that Yorkshiremen would be satisfied with the offer, as it was felt that in practice the average output would fall below the ten per cent, reduction estimated. Smith had thus to choose between the government's offer and the earlier assertion regarding decreased output with what Yorkshire pieceworkers were reported as contrarily convinced of, namely, that they would be required to work harder to earn the proposed piecework increase than they could in other districts to earn the flat rate advance.

Yorkshire Men Back.
The Yorkshire men, however, have been induced to return to work on Smith's recommendation pending the forthcoming ballot on the question of direct action to shape the Government policy.

When the miners' delegates arrived at Downing Street today for the interview with the Premier which happily resulted favorably, they were vastly amused to see that the Premier had been shot into the cellars of No. 11, Downing Street, residence. This was in flat defiance of the coal controller's orders, issued last evening that no household may receive more than two hundredweight at one order.

AUSTRIANS SQUEAL OVER PEACE TERMS

We Have Option of Shooting Ourselves or Being Shot, Says Renner.

Vienna, July 28.—The new terms of the Austrian peace treaty are making no special impression on the general public. The newspapers, however, remark that the world is still attempting to treat Austria as a great state, instead of one which has lost five-sixths of her territory and been reduced from a great empire of 55,000,000 persons to six million who are facing a winter in which hundreds of thousands are sure to die of famine or cold.

The Neue Freie Presse says: "The Allies wish to force Austria into bankruptcy and thereby get a prior claim on her income, which will be applied to damages and reparations."

"We are invited to 'an American duel'—that is, we have the option of shooting ourselves or of being shot. Within the next ten days the Austrian delegates must furnish proofs that Austria is willing to pay, with assets, 'No, sir, general, I'm taking them as they come.'"

FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B.
"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'."

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."
ROBERT NEWTON.

50c a box, 6 for \$2.50, trial size 25c. Agents dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Iron and steel interests of British Columbia are working with keen interest the efforts being put forth at Ottawa to induce the Government to grant a bonus to production. It is believed here that should a bonus be allowed the Dominion Steel Company it will be extended to steel and iron production throughout the country. The supporters of the bonus are representing to the Government that less than 5 per cent. of Canadian iron enters into iron and steel products manufactured in the Dominion though there are unlimited quantities of raw material from which steel and iron could be smelted if the smelting process received some Government assistance. The Government is being urged to foster the basic industries and thus enable all to expand.

"Picking 'em out, son?" asked the general of a Yank busily engaged in picking cooties from the seams of his shirt.
"No, sir, general, I'm taking them as they come."

EMPRESS ATTRACTIONS

THURSDAY, JULY 31

Violin Recital by Miss Rhena Hicks

accompanied by

W. H. Parker, O.R.C.S.

This is one of the best musical treats for a good many years. Recital starts at 8.30. Admission: Adults, 50c and 75c; children, 35c.

FRIDAY, AUGUST 1

WM. FARNUM

"Rough and Ready"

A big red-blooded story of Alaska with a climax that kept New York talking for months. It is an unusually sensational production and we can recommend this play to you as a play you will remember for years to come.

CHAS. CHAPLIN IN "THE ADVENTURER"

One of the funniest ever staged. Matinee, 3.30, 5c and 15c. Evening, 7.30 and 9.15, 15c and 25c.

SATURDAY, AUGUST 2—BIG DOUBLE BILL

CHAS. RAY

"The Law of the North"

An immense drama of our own big North woods. Gripping and intense throughout, you live the story with the players. Also

"Fatty" Arbuckle in "Moonshine"

A funny film of frolics and laughter. Matinee, 3.30, 5c and 15c. Evening, 7.30 and 9.15, 15c and 25c.

SPECIAL ATTRACTION—MONDAY, AUGUST 4

"Baree, Son of Kazan"

Jas. Oliver Curwood

This is Mr. Curwood's finest novel of the Northland. It simply turns the business of life in the far North. Half wolf, half dog, Baree is the protegee, protector and avenger of Heroine's wrongs. All lovers of dogs should see this fine play. And

"SHIPS AHOY"

A comedy that simply rocks you with laughter. Matinee, 3.30, 5c and 15c. Evening, 7.30 and 9.15, 15c and 25c.

HOLIDAY ATTRACTION—TUESDAY AND WEDNESDAY, AUGUST 5-6

"HER ONLY WAY"

with

Norma Talmadge

America's most charming actress, in a fascinating story of a girl who finds true happiness. Accepting the only way between love and duty and poverty and riches Miss Talmadge brings the play to a climax that will surprise you. Also a big comedy. Matinee, 3.30, 5c and 15c. Evening, 7.30 and 9.15, 15c and 25c.

THURSDAY AND FRIDAY, AUGUST 7-8

CHARLIE CHAPLIN

"SUNNYSIDE"

His new big first National Comedy. A million laughs provided for you without any slapstick. Only Charlie can do this. Also

"Peggy Does Her Darndest" with May Allison

In a very pretty comedy farce of five acts. Matinee, 3.30, 10c and 20c. Evening, 7.30 and 9.15, 15c and 25c.

WATCH FOR AUGUST PROGRAMME—IT IS A WONDER.

BERRY'S FOR DELICIOUS CHOCOLATES

TOWN AND DISTRICT

Miss Biddington of Vancouver is here on a visit to Mrs. Geo. Heggie.

E. Trank of Oyma returned on Saturday from a visit to the coast.

T. H. Calder, principal of the High School, left last Thursday on a visit to Victoria.

Miss Willis of the office staff of G. A. Hankey & Co. left on Friday to spend her holidays at Vancouver.

Major McGraw, Inspector of Indian Agencies, returned on Saturday from a visit to the reserves in the Nicola district.

Mr. and Mrs. Applegarth of Lavington returned on Monday from a visit to the Rev. J. M. Conyn Ching at Revelstoke.

Mrs. Jack of the B. X. district and Miss Myra Ellison left on Thursday for Field where they will join the Alpine Club for a fortnight's outing.

W. F. Laidman returned on Friday from the coast where he had been attending a meeting of the directors of the B. C. Fruit Growers' Association.

His Honor Judge Cayley of Vancouver, who has spent a couple of weeks here on a visit to his sister-in-law, Mrs. F. Billings, returned to the coast on Tuesday.

J. H. Dayton, who some ten or twelve years ago was a prominent farmer of the Comoxide district, has been visiting the Okanagan during the past week and met many old friends here who were glad to give him a warm welcome. Mr. Dayton is now the proprietor of a large dairy farm near Kamloops, and is considered one of the most progressive and prosperous of the ranchers in that section.

H. Coell of Mara, spent a day or two in town last week.

Mayor Sutherland of Kelowna passed through on Monday en route to the coast.

Mr. and Mrs. R. L. Smith and their daughter, Miss Hilda, left by Monday's train on a visit to Seattle.

Stanley French, who recently returned from overseas service, went down to Vancouver by Monday's train.

Aubrey Billings reached home for the holidays on Thursday from Toronto where he has been attending school.

Miss Virginia Simmons left on Saturday for Victoria where she will visit her grandmother, Mrs. Robert Brakine of that city.

"Sandy" McDonnell of Revelstoke, who has been visiting point down here during the past week, returned home on Monday.

Mrs. E. D. Watts and her two children, Mary and Alfred, reached home on Monday after spending several weeks on a visit to her old home at Brantford, Ontario.

W. C. Caloun, who returned last week from Golden where he had been acting as relieving officer in charge of the post office, is again back at his old position in the Vernon office.

Attention is called to a letter in this issue from R. C. Duthie, V.S., in which he kindly offers to answer through the columns of the News any questions addressed to him regarding poultry diseases.

Messrs. McKelborough and Spencer are moving their real estate office to the rooming back of Berry's drug store on Whitham Street. R. Fitzmaurice, who occupied the building on Barnard Avenue before the war which they are vacating, will resume his real estate and insurance business at his old stand.

Miss Carey, who has spent her holidays at her home in this city, returned to Vancouver by Saturday's train.

Miss Whitehead of Vancouver, who has been visiting Mrs. Swan here, returned to the coast last Friday.

The first full car of butter shipped this season by the Vernon Creamery went out to Vancouver on Tuesday.

Mrs. F. W. Rolston and her daughter, Miss Nita, left on Tuesday on a visit to friends in the Arrow Lake district.

Capt. Wilmot and "Tommy" Wilmot of Goldstream arrived on Saturday from Vancouver, having made the trip through by auto via Hope and Penticton.

Mrs. Wilmot came in a few days earlier, travelling by train.

Langley Lefroy, who has served overseas since the first year of the war, came in by Tuesday's train, and his friends are glad to see him looking fit and hearty after his strenuous experience in battling with the Hun.

F. D. Wilson, representing the Pacific Lime Co., Ltd., of Vancouver, which makes a specialty of hydrated lime for agricultural purposes, has been visiting the Okanagan in the interests of his firm and was in town on Monday.

Sergeant Gordon Palmer returned on Tuesday from overseas service. Before the war "Pill" as he was familiarly called by a host of friends, was prominent in Vernon athletic circles, and he is receiving a most cordial welcome in this city and district.

Next Sunday, August 3, the Sunday School of All Saints congregation will not meet in the morning as usual, but there will be instead a children's service in the church at 3 o'clock. As many children as possible, with their parents, are asked to be present.

J. Harwood went down to Vancouver on Monday as a delegate from the transportation committee in connection with the peace celebration, to consult with Passenger Agent McElroy, and C. F. R. regarding train and boat service for next Monday and Tuesday.

Mrs. Stroud, manageress of the ladies' clothing and millinery departments of the Hulson's Bay store, left on a buying trip last Saturday. She will be absent several weeks during which she will visit Toronto, Montreal and New York, Chicago and other eastern trade centres.

The ladies of the Methodist Church have arranged to serve meals in H. W. Knight's brick building opposite the curling rink during the two days of the celebration next week. Dinners and suppers will be served on Monday and Tuesday, and the ladies will be fully prepared to cater to a large number of hungry customers.

Music lovers will do well to remember the violin recital which Miss Rhena Hicks of Winnipeg, assisted on the piano by Mr. W. H. Parker, A. R. C. O., of this city, will give in the Empress (Thursday) evening. Miss Hicks has a splendid reputation as an artist of exceptional ability, and all who appreciate really fine music should make it a point to attend this recital.

Two interesting league games will be played in the park this afternoon and evening. At four o'clock the Kelowna and Vernon baseball teams will meet, and at six o'clock the lacrosse game will start, also between the Kelowna and Vernon clubs. The ball game with Kelowna last Thursday was a complete walk-over for the Vernon nine the score being 13 to 1 in their favor.

Mrs. Colin Reid and children left on Tuesday for the coast. Mr. Reid, who recently resigned his position as city assessor and collector, which he has held with great acceptance for several years past, will join her in a few days. After visiting a brother at Cowichan, Mr. Reid will go to Yakima, where he has secured an important position as secretary of a credit and traffic association.

J. Bailey, chairman of the Farmers' Institute Advisory Board, and R. A. Copeland, President of the United Farmers of B. C., will speak in the Court House on Thursday, August 7th, at 8 p. m., on the proposed union of the various farmers' organizations in the province. Farmers and all interested in the matters are invited to attend and hear the proposed basis of union discussed. Advertisement on last page.

From all reports the Hugo Shows, which appeared here on Monday, put up a poor apology for a circus. A few trained ponies, a few acrobats, and their chief attraction, and the ring performance was in keeping with the rest of the outfit. There was a poor attendance, however, and the management probably took away a good deal of Vernon money despite the fact that the complained bitterly against the action of the city council in charging them the \$200 license fee.

The following announcement from the London Mirror of June 12 will be of interest to some of our readers, as Capt. Plumer was a resident of the Lavington district before the war. The London paper says: "A Mr. Plumer, who will wed a general's son, Sir Herbert Plumer's only son, Captain T. H. Plumer, M.C., is engaged to Miss Monica Tempest-Hicks, whose father is General Tempest-Hicks, of South African fame. They have a nice old house at Monken Hadley, on the edge of the famous Hadley Woods."

Despite repeated warnings that the regulations regarding the use of water on lawns and gardens would be strictly enforced, a considerable number of our citizens appear to have given little attention to the restrictions, with the result that those who obey the by-law have been placed at a considerable disadvantage. The city police, however, have not been blind to these offences, and this week over thirty offenders have been brought up by Chief Clarke before Police Magistrate Heggie. The Magistrate, after giving them a lecture and pointing out that the necessity to enforce these regulations, let them go on suspended sentences, stating, however, that if any of them repeated the offence the full penalty of the law would be exacted.

On Saturday afternoon while Marjorie L. Spencer, the 11-year-old daughter of Mr. and Mrs. H. E. Spencer, was playing in the yard, she was killed by a car. She was playing hide-and-seek with Marjorie Ellison, who had just been out for a walk, and when she was climbing over the railing of the veranda her foot caught and she fell heavily to the ground. Marjorie picked her up, but, complaining that her arm was hurting her dreadfully, she fainted. Marjorie summoned Mrs. Neil, who immediately sent for medical assistance, meanwhile doing everything possible to make the child comfortable, pending the doctor's arrival. The arm was set and Marjorie, with her parents, who had by this time arrived at the house, was taken home by Mrs. Neil. The injured child is making splendid progress.

E. M. Carruthers of Kelowna was in town on Tuesday.

Mr. and Mrs. W. Holliday of Armstrong were visitors to the city on Tuesday.

The G. W. V. A. have arranged for a good Bugle Band to form part of their procession during the parade next Monday morning.

Mr. and Mrs. M. Willett, former residents of the Salmon River district, have moved into Vernon and intend to make their home in this city.

Kelowna is preparing for a big day at its regatta and peace celebration on August 14, and a splendid programme, including an airplane exhibition, has been arranged.

Percy Anderson of Vancouver who has been relieving Manager Butchart at the Royal Bank here during the latter's holidays, returned to the coast by yesterday's train.

Sergeant Geo. Rammel of the Lumby district is another of our returned men who reached home this week, and is receiving a most hearty welcome from many old friends.

Everybody is expected to decorate their houses and places of business for the celebration. Don't postpone it until the last minute, or it will not be as well done as the occasion deserves.

The ladies making pies, salads and cakes for the soldiers' banquet on Monday night are requested to have them ready for the collectors who will call for them at one o'clock on Monday.

The Vernon Hardware Company's window contains a display this week of an attractive collection of articles offered as prizes by the G. W. V. A. for the various events in their programme of military sports which will be pulled off next Monday afternoon.

The landing place on Mission Hill where the airplanes will alight on Monday morning is being prepared by Lieut. McCuskey and Sergeant Harwood. Lieut. McCuskey, who was a member of the Royal Air Force overseas, is rounding up all the local returned airmen with the object of organizing a branch of the Aerial League here.

Arrangements are already being made for a number of cars to go to Vernon a week from next Monday, and from the general collection of articles lying on the streets, it would seem as if there would be a large attendance at the two-days' peace celebration at Vernon on August 4 and 5. Kamloops Standard-Sentinel.

Although no rain fell here on Friday, showers prevailed in other parts of the district, and in the morning a single clap of thunder was heard. Residents of Okanagan Landing saw a bolt of lightning strike on the opposite side of the lake and start a fire on the range. This took some fighting to get under control, as the grass was as dry as tinder.

Mr. and Mrs. Geo. Irvine of Vancouver have been visiting Mrs. Irvine's parents, Mr. and Mrs. S. S. Smith of Maple Street. Mr. Irvine represents the Coca Cola Company in this province and has been looking over the Okanagan with a view of locating a branch bottling plant for his company which has recently established several such plants in the West.

The fine lacrosse team which Armstrong put into the field this year is well entitled to its laurels, and nobody will dispute that its position as champion of the Okanagan League has been well earned. It has won six games during the season against Vernon and Kelowna without losing a single one. Kelowna has won two games of the championship series and lost four, while Vernons record is a single win against five losses.

Mrs. R. Carswell and her two younger children will leave next week for their husband in England. Mr. Carswell was a Lieutenant in the Forestry Corps during the war, and his services were so much appreciated that the British Board of Trade has engaged him for a year to take charge of certain lumbering operations in the Old Country. Part of the agreement was that the British authorities should furnish transportation for Mrs. Carswell and the children.

President Vallance of the Finance Committee in connection with the Peace Celebration is jubilant over the generous response accorded his committee by the merchants of the city. The first four names on his list become responsible for a guarantee of \$1,000 and yesterday morning his list, which was still incomplete, showed a total of \$1,800 including the guarantee of \$1,000 from the City Council.

Mr. Vallance expects that when the canvass of the city is completed it will show a guarantee of between six and seven thousand dollars.

A. T. Blockford of Okanagan Landing, who recently spent a few days in the Vernon Jubilee Hospital on account of an illness of short duration, expresses unbounded satisfaction at the treatment he received there. So enthusiastic is Mr. Blockford on the admirable manner in which this institution is conducted that he desires the readers of the News to be made aware of his appreciation. The attendance of the nursing staff was extremely prompt and efficient, he says, and the meals served the patients would have done credit to any hotel in the land.

The following despatch to the coast papers from Nelson, refers to a brother of Mrs. J. I. E. Corbett of this city:—"The friends of Captain George A. Gore will be pleased to learn of his recovery from a wound in the leg, received while fighting in Germany, which kept him in the hospital for 56 days. He also received the Croix de Guerre from the French government. Capt. Gore was in the Second Division of the Field Artillery and saw 15 months' active service. He was to have moved in the interim to Germany, but owing to his illness could not participate. He is the son of the late Capt. J. C. Gore, superintendent British Columbia Lake and River Service in the Kootenays."

Wm. Farnum in "Rough and Ready," a big Alaskan drama, will be the attraction at the Empress on Friday. This is a thrilling story of a gripping interest and gives the big star a fine opportunity to display his great talents. On Saturday another great favorite, Charles Ray, will be featured in "The Law of the North," a stirring drama of life among the trappers, in which some exceptionally fine camera work is shown. On Monday, in addition to the serial, a remarkably fine Vitaphone picture of the Far North entitled "Baree, Son of Kazan," makes a dog the centre of interest in a film that will be well worth seeing. On Tuesday and Wednesday that highly popular star, Norma Talmadge, will be seen at her best in "Her Only Way," a fascinating story with a strong supporting cast. On Thursday and Friday of next week the public is promised something "extra-special" when Charles Chaplin's "Sunnyside" is presented. This is pronounced by the critics to be one of the best productions in which Charlie has ever figured.

Band concert in the park tomorrow (Friday) evening.

All old-timers are agreed that this has been the driest and hottest summer experienced in the Okanagan for at least 30 years.

Miss Winnie Highman of the teaching staff of the Vernon public school, left by Tuesday's train on a visit to her sister in Vancouver.

President Lefroy of the G. W. V. A. urgently requests that all comrades appear in uniform and wear their decorations at the Rally Day Celebration parade next Monday. Permission for this has been obtained from the proper authorities.

The forest fire in the Salmon River valley is now well under control, but a big amount of damage to standing timber has resulted. On Thursday the Hoover's mill was totally destroyed and a large loss sustained through the destruction of lumber and logs.

Mayor Shatford has issued the following proclamation: "Notice is hereby given that Monday, August 4, and Tuesday afternoon, August 5, have been declared public holidays in the City of Vernon. The public are requested to govern themselves accordingly."

F. R. E. Delhart of the Land Settlement Board, who recently returned to his home at Kelowna from a visit to Victoria, was in town on Monday. Mr. Delhart says that he is not worrying regarding newspaper reports concerning the Christian land purchase at Kelowna. He had a full explanation with Premier Oliver, he says, and the Premier will shortly issue a statement which will not only exonerate him from all blame, but will show that the purchase was an exceedingly good bargain for the Land Settlement Board, and that the returned soldiers who are now on the property have secured what promises to be a highly profitable investment.

A meeting of the Hydro-Electric committee was held last Thursday afternoon, but the only representatives of the various municipalities interested were Mayor Clingan of Salmon Arm, Mayor Shatford of Vernon, Reeve Kidson of Goldstream and R. A. Copeland, President of the United Farmers of B. C. Preliminary plans for securing data regarding the possible markets for electric power in the district between Kamloops and Kelowna, were discussed, and Mayor Shatford was asked to obtain figures regarding the amount required for electric light purposes in his end of the district, while Mayor Clingan will look after the same work in the Salmon Arm and Kamloops sections.

Have G. E. Whitten develop your films. An excellent programme has been drawn up for the Viola Recital which will be given in the Empress Theatre tonight by Miss Rhena Hicks. No lover of music should fail to attend.

Closes Aug. 26th.—The special low-priced introductory offer Mr. Clugston, the optometrist and optician, is making on glasses. Offices over Condit & Lloyd's, one block from the post office.

The Ladies' Auxiliary of the G. W. V. A. are very busy making arrangements to have a booth in the Park at the 4th and 5th August. They will serve ice cream, sandwiches, lemonade, tea, cake, etc., and are anxious to do their little bit to help provide refreshments for the crowd we hope to have on that date.

ASQUITH BEWILDERED BY RUSSIAN EVENTS

London, July 28.—The former Prime Minister, Rt. Hon. H. H. Asquith, speaking at Edgeware Saturday, said: "I heard with bewilderment, and apprehension the part this country is playing in Russia. The country wants a clear-

er definition than has yet been given, of what are our commitments, definite and prospective. I sincerely hope that the attempt to commit us further in Russia will be successfully resisted. The future government of Russia is a matter for the Russian people and for no one else.

"The economic condition of the world and of our own country never were more menacing."

OKANAGAN LANDS AGENCIES

George Mickleborough -- VERNON -- Frank Spencer

WE have Bearing Orchards, Mixed Farms and Unimproved Land in all parts of the Okanagan for sale. Modern Homes and City Property showing a good return on money invested. We ask your special attention to the revenue producing orchards which have been placed in our hands for quick sale, about 30 ten-acre blocks planted with the best commercial varieties of apples, the trees being 6 and 7 years old. Any one securing one of these orchards today will have an annual income coming in each year from now on. The price of a ten-acre orchard is \$5,000.00, and it is to your interest and ours that you inspect these fine propositions. We will motor you out any time convenient to yourself.

WEEKLY MEETING OF WAR VETERANS

(Continued from Page 1.)

that business ties of one kind and another held men to trade with certain stores and it was not proposed to disturb any such relationships. Another speaker said people had been asking what would the returned soldiers do when they got home? It was to them a problem. So far the returned men had not done a great deal, but this was something they were going to do, they would insist on co-operative buying and selling of the necessities of life. Co-operation was going to be a feature in national reconstruction. The movement was irresistible and would go into effect from the Atlantic to the Pacific. It would prove an excellent preventive to the spread of Bolshevism. The following motion being regularly moved and seconded was unanimously carried: "That this meeting endorse the action taken by the Co-operative Committee and that when the time comes that they use their influence to secure positions for returned men, but that the best men available be chosen for managing positions."

comes that they use their influence to secure positions for returned men, but that the best men available be chosen for managing positions."

Rally Day

The Rally Day Committee brought a number of matters to the attention of the meeting. The parade arrangements were discussed in final form. Returned and ex-service men will first parade at 9 a.m. with their "Fallen Comrades" float. Fall in will be on Eighth Street east of the Kalamalka Hotel. This parade will then proceed to the united service in the park.

Big Parade 11:30 a.m.

The big parade will fall in on Railway Avenue facing the depot. No distinction as to divisions will be made. All returned and ex-service men are invited. The parade will be lined up by the committee. Companies will be formed, an officer placed in charge of each and the whole turned over to the marshal.

Decorations To Be Worn.

It was moved by Comrade Hammond, seconded by Comrade Blackmore, and

unanimously agreed "that men should wear the decorations to which they are entitled for this or previous wars."

Reception Committee.

The following were appointed a reception committee with power to add to their number: "Comrades Knight-Harris (convener), Bishop, Winchester, Dudge, This committee to have charge of the decorations and arrangements at the club rooms, also to co-operate with the civic committee in meeting returned men.

Seven new members were admitted: P. R. Pearce, G. E. Bateman, W. M. Brown, A. G. Hannam, C. Todd, J. Phillips, C. Tarrant.

The next meeting (tonight) of the branch promises to be of great importance. The president urged a full attendance of members.

The meeting concluded at 10 p.m.

"Some of us ladies are trying to abolish the dance," "Well?" said the polite proprietor of the hotel. "And we thought maybe you'd loan us your ballroom to hold a meeting in."

A GREAT PROGRAMME FOR THE PEACE CELEBRATION

(Continued from Page 1.)

and it was evident that the extremely heavy task which they have undertaken is proceeding with smoothness and a complete attention to all details.

The programme at the banquet, which will be held in the curling rink, as suggested by Mr. Henderson will include only three toasts, with the addition of the usual G. W. V. A. silent toast to "Departed Comrades." The Mayor, as chairman, will probably propose "The King," the other two toasts being "Canada's Oversea Forces" and "Our Local Soldiers." It is expected that among the speakers will be Bishop Deull, the Hon. X. W. Rowell, President of the Privy Council, and Dr. K. C. MacDonald, M.P.P.

Boxing bouts. Immediately after the banquet, will be staged in the curling rink a couple

of ten-round boxing bouts under the auspices of the G. W. V. A. Sports Committee. These events are attracting great interest, especially among the returned men, and will furnish an outstanding feature of the programme.

The first will be a lightweight contest between Willis McMullen of this city and Len Holliday of Vancouver.

This will be followed by a feather-weight battle between Bert Hughes and Geo. Ross of Vancouver.

Pat Joyce, who acted as referee in the Clarke-Bailey fight some years ago, will act in the same capacity on this occasion.

Bucking Horses.

Another feature that is sure to prove of exceptional interest is the riding of "outlaw" bucking horses, which the Citizens' Sports Committee has arranged for Tuesday afternoon. "Tricks" of \$100 and \$200 have been hung up for this event, and cowboys from all over the country, including Nicola and the Similkameen sections, will be here with the "meanest" horses they can gather together. No rider will be allowed to mount his own horse.

Baseball Tournament.

On the second day of the celebration the programme will be in the hands of the Civic Sports Committee, of which G. F. Reinhard is chairman. One of the big features will be a baseball tournament for the championship of the Okanagan in which teams from Penticton, Kelowna, Enderby and Vernon are expected to take part.

There will also be a lacrosse game between Armstrong and Vernon, and a football game between teams from either Lumby or Armstrong and the Vernon club.

Isaac Harris has also arranged that the Indian baseball teams of Chase and the Okanagan will play here on this occasion in another of the Harris Cup series, and this event will be one that nobody will care to miss.

Airplane Exhibition.

An outstanding feature of the celebration is, of course, the airplane exhibition which will follow an anticipated flight of a Curtiss machine from Vancouver to this city, this being the longest flight without a stop as yet undertaken in this province. The machine is scheduled to arrive here at a o'clock on the morning of the 31st and will give exhibitions on both days, culminating with a spectacular air raid on the city on the night of the 31st.

The Night Attack.

Nothing in the nature of such a spectacular airplane exhibition has ever been seen in the province as the night attack on the city which will be a thrilling representation of a bombing raid, with city defences of search lights, etc. This feature alone would be sufficient to attract a large attendance to the celebration, and will be something that will indeed be well worth seeing.

Music and Dancing.

There will be dancing at the park on a special pavilion, with an excellent orchestra on both afternoons and evenings. On the Monday night the Women's Institute will put on a dance in the court house, and on Tuesday night the G. W. V. A. will wind up the proceedings with another big band at the same place.

The Vernon City Band, which is an organization that Vernon has good reason to feel proud of, will furnish music on both days.

GOVERNMENT SHIPS VERY PROFITABLE

Canadian Lines, North Atlantic and West Indian Trade, Doing Well.

Ottawa, July 28.—By the end of this year the Government will have twenty ships with a total net tonnage of 100,000 tons operating in the North Atlantic and West Indian trade. The voyages made by the seven steamers already in commission have been very profitable, and the Government looks hopefully toward October, 1920, by which time if there is any abatement in the labor troubles constantly holding up this important industry, it is hoped that it will have completed its present objective of three hundred thousand tons.

Then serious attention will be given to a project now fully matured to start another shipping programme of 300,000 tons for the Pacific trade as there is every reason to believe that the 300,000 tons now built, building or to be built will be entirely absorbed in the Atlantic trade.

At present freight rates it is believed the Government will quickly overtake the large capital expenditure which building ships on this scale entails and that other ships not yet constructed will work out at a small cost because of the new agreement with the Dominion Iron and Steel Company which will have its plate mill at Sydney, N. S., operating by November.

Have G. H. White develop your film.

HIGH SCHOOL EXAMINATIONS

Results of the Recent Examinations Held in the Various
Sections of the Okanagan District.

The results of the high school en-
trance examination which was held
June 23-25, at 107 centres throughout
out the province are announced by
the education department. There were
in all 2280 candidates, of whom 1546
passed. In addition, 1666 public school
pupils have been granted high school
entrance standing without examination
on recommendation of the principals of
the various schools in cities of the first
and second class, making a total of
3212 pupils promoted to high school.
The honor of securing first place in
this examination rests with Sadie
Boyles of the Richard McBride School,
South Vancouver, who obtained 872
marks out of a possible 1100.
The winners of the ten bronze medals
donated annually by His Excellency the
Governor-General are:
District 1—E. Patricia Robinson, Vic-
torio Model School, 809.
District 2—Violet Cheatham, division
2, Quenell School, Nafaimo, 837.
District 3—Pierce W. Selwood, Cecil
Rhodes School, Vancouver, 826.
District 4—Sadie Boyles, Richard Mc-
Bride School, South Vancouver, 872.
District 5—Ida Stringer, Columbia
School, Chilliwack Municipality, 842.
District 6—Grace C. E. MacCallum,
Agassiz School, 803.
District 7—Helen J. Armstrong, Ellis
School, Penticton, 825.
District 8—Annie E. Henderson, Mac-
Lean School, Rossland, 758.
District 9—Donald R. Calvert, Kaslo
School, 866.
District 10—Percy R. Noel, Essing-
ton School, 767.

Okanagan Results.
Following are the results for the
various centres in this district:
VERNON CENTRE.
Vernon, Division 1—Number of can-
didates, 25; passed, 20: Jeanie E. Mc-
Leod, 667; Lois M. Hudson, 661; Arthur
H. Lang, 630; Kenna C. MacDonald, 630;

didates, 6; passed, 1: Annie E. Fawcett,
550.
Okanagan South—Number of can-
didates, 3; passed, 3: Dabiel Walker,
726; Joan Fuller, 711; Arthur Clarence,
634.

SEVERAL LIBERALS IN THE RUNNING

Leadership Will Be Keenly Con-
tested at the Ottawa Con-
vention Next Week.

Ottawa, July 28.—The arrival of D.
D. McKenzie, Liberal House leader, in
the capital Friday has given an im-
petus to the preparations for the im-
portant Liberal convention, which will
choose a permanent leader to succeed
the late Sir Wilfrid Laurier and adopt
a platform for the party.
Mr. McKenzie will remain in Ottawa
until after the convention is over and
will be a candidate for the leadership.
He will attend the sittings of the Lib-
eral advisory committee, which con-
venes on Thursday, July 31, and which
will also be in session Friday, August
1, and Saturday, August 2. On Mon-
day, August 4, the caucus of Liberal
members and senators will be held and
on the following day the convention
will be formally opened by Mr. Mc-
Kenzie, after which the question of the
selection of a chairman will engage
the attention of the delegates. It is
expected that the business of the con-
vention will be concluded by the even-
ing of August 7.

Interesting Contest.
While tentative plans already have
been considered, the programme of
procedure will, it is understood, be
finally arranged by the advisory com-
mittee. Advice is coming to Ottawa
from all parts of the Dominion indicat-
ing that the contest for the leadership
promises to be an interesting one.
It is believed here that while there
will be several nominations, including
D. D. McKenzie, Hon. Mackenzie King,
Hon. George P. Graham and one or two
others, the preliminary ballot will
demonstrate that Hon. W. S. Fielding
and Hon. W. W. Martin, Premier of
Saskatchewan, are the favorites in the
race. It is thought that both Mr.
Fielding and Mr. Martin will get sup-
port from practically every province,
but that the chief strength of the for-
mer will come from Ontario, Manitoba,
British Columbia and the Maritime
Provinces, while Mr. Martin will take a
heavy poll from Saskatchewan, Alberta
and Quebec, which make moderate sup-
port from the others.

McKenzie's Chances.
On the first ballot, Mr. McKenzie is
expected to make a good showing,
principally east of the Ottawa River,
where Mr. King will have considerable support from On-
tario.
At Liberal headquarters it was stated
that while Liberal members of the
Commons who were elected to support
the Union Government would be well
disposed to support Mr. King, no special
arrangement has been made to urge
them to attend.

**MANY NOTED SPEAKERS
AT CALGARY CONGRESS**

Calgary, July 28.—Detail of plans,
programme and attendant features of
the Canadian Industrial Congress, to
be held at Calgary on August 13 and
14, and to include a tour of the prov-
ince by special train, has now been
completely worked out. The congress
headquarters, located in the Palliser
Hotel, Calgary, announces that re-
servations are being made for the spe-
cial train tour, for the congress ses-
sions, which are to be held in the
Grand Theatre, Calgary, and for hotel
accommodation.
The special train, it is announced,
will leave Medicine Hat on the morn-
ing of August 12, will run then to
Lethbridge, from that city to Calgary,
will be held here for two days during
the congress sessions, then will run to
Edmonton and from the capital city
will move to Banff, arriving in the
Rockies on Sunday morning, August 17.
The theatre sessions will open in the
morning at 10 o'clock on Wednesday,
August 13, and will continue until 6
o'clock that evening, with intermission
of two and one-half hours for luncheon,
and on the following day, Thursday,
will open at the same hour. There
will be no evening sessions at the
theatre, that portion of the day being
utilized with entertainment and motor-
ing. The programme is perhaps the
most impressive ever gotten together
at one industrial gathering on the con-
tinent, including among others, Sir
Robert Borden, E. W. Beatty, D. B.
Hanna, Henry Ford, A. H. Easdale,
Finley P. Mount, and many other in-
dustrial leaders of continental and
world fame.
Congress headquarters asks that all
who desire reservation on either the
special train, the congress sessions at
Calgary or for hotel accommodation,
write or wire to John M. McGreevy,
Congress Manager, Palliser Hotel, Cal-
gary, Canada, as early as possible.

LIBERALS SWEEP P. E. ISLAND

Twenty-six Seats Out of Thirty
Captured in Recent
Elections.

Charlottetown, P. E. I., July 28.—
Liberals swept the province in the
general elections yesterday, capturing
26 seats out of 30. The only Conser-
vative survivors were Hon. A. E. Arse-
nault, Premier; Hon. James A. McNeill,
Commissioner of Public Lands, and H.
F. Kennedy and J. D. Stewart.
This was the most one-sided election
since Confederation, with the excep-
tion of 1911, when the Liberals won
only two seats. When the House dis-
solved the parties stood: Conserva-
tives, 18; Liberals, 11, and one seat
vacant.
Such a sweeping victory was un-
expected by both sides, although the
result of the federal elections, when
four Liberals got a majority of home
votes, afterward changed by the sol-
diers' votes, foreshadowed a Conser-
vative defeat. The returned soldiers did
not take an active part in the contest,
but it is evident that a majority voted
Liberal. Fine weather brought out a
large vote. There was a big turnover
in Charlottetown, the Liberals cap-
turing by large majorities,
Labor going with the Opposition.
The Liberals elected are Bell, Lea,
Gallant, Metherall, Saunders, Dennis,
McLean, McArthur, Crosby, Hughes,
LePage, Brodie, D. MacDonald, Nash,
Irving, Higgins, Macdonald, C. C.
Cox, McIntyre, Johnston, Dewar,
Sutherland, Butler and Hossain.
The Soldier Vote.
Charlottetown, P. E. I., July 26.—The
Examiner, Independent Conservative,
attributed the fall of the Government
to a measure to the soldiers' vote. Re-
vised returns show another seat for
the Conservatives, H. D. McLean, of
Souris, son of Senator McLean. His
majority is 17. This leaves 25 Liberals
and 5 Conservatives.

ONE BIG UNION IS CONDEMNED

Army and Navy Veterans Urge
Government to Probe Into
Causes of Canadian
Bolshevism.

Montreal, July 26.—A resolution con-
demning Bolshevism and the One Big
Union idea in Canada was passed at
a meeting of the Army and Navy
Veterans in the Windsor Hotel this
morning.
It was sponsored by Messrs. Browne,
Wilson and Holman, Winnipeg. The
resolution places the veterans on
record as deploring the vital import-
ance of a commission with national
power be appointed by the Dominion
Government to fully investigate the
Bolshevist campaign in Canada, its ob-
ject and propaganda, by whom financed,
etc.
A copy of this resolution will be sent
to Sir Robert Borden and the Hon.
Arthur Meighen.
The convention also adopted the re-
solution of the Winnipeg unit demand-
ing governmental action with regard
to war profiteering and food prices.

MANY EGYPTIANS KILLED

During Recent Disturbances, 800
Were Killed and 1600
Wounded.

London, July 28.—Eight hundred
natives were killed and 1600 wounded
during the recent disturbances in
Egypt, according to dispatches from
General Allenby, Cecil Harmsworth,
Under Secretary of the Foreign Office,
announced in the House of Commons
last week.

THE MUTUAL LIFE OF CANADA

Ensure YOUR Boy an Education

Boys with a public school education in after life earn \$688.00 per
annum on the average. Boys with a high school training earn \$1550.00
on an average.
It has been shown that for every day of high school work, boys after-
ward received a compensation of nine dollars.
Figures carefully prepared by the American Bureau of Education
show that a youth with a college training has 500 times as many chances
of success as one without schooling.
A Mutual Policy will guarantee your boy an education.

A ROMANCE OF THE OKANAGAN

The First Bride and Groom To Be Married in the Lower Okanagan.

(History of B. C. Vol. 4.)

William Cecil McKechnie, M. D., youngest son of Major and Mrs. McKechnie of Winnipeg, graduated in 1899 from McGill University in Montreal, was originally an ornithologist and as a boy was offered the position of assistant to the Smithsonian Institution, which was taken by Thompson-Stetson. The Natural History Society in Winnipeg, which is still flourishing, was started by him and a few friends, when only twelve years of age, when their enthusiasm was such that the City Council voted a room for their use in the City Hall, free of charge.

Many a night he spent in the woods with only his horse and dog for companions and at 3 o'clock in the morning would pursue his study of the habits of the birds and call them to him, having a great love for the work. At his home in Vancouver the doctor today shows with pride and pleasure the mothproof box he made when a boy with trays of each filled with skins of the Manitoba birds and eggs, all carefully labeled and which are as well preserved as the day they were placed there.

However, later in life medicine attracted him and today his ornithology is a hobby. His success in B. C. as a specialist in abdominal surgery is too well known to need any comment.

After graduating from McGill the doctor spent a year in California as assistant surgeon in the employ of the Dunsmuir mines, later going to Bullion where he as a young graduate accomplished a clever feat by performing a surgical operation on a patient whose face had been smashed to bits by a falling rock. The face having to be entirely remodeled, this was successfully and creditably done.

His name and fame as a surgeon has spread far and wide, patients coming continually for consultation from Calgary, Washington, Victoria and other points.

In 1902 Dr. McKechnie married Miss Zella Robinson, daughter of Captain William and Mrs. Robinson of Peachland, graduate in voice culture under Mr. Rechab Pandey in 1899 from the Toronto Conservatory of Music and a scholar in that city was one of the soloists in the Jarvis Street Baptist Church conducted by Dr. Vogt.

On arriving in Vancouver Miss Robinson soon became popular on the concert platform and organized and trained the late Dr. Roland Dwight Grants' choir of girls.

The first town started in the Low R Okanagan by her brother, Mr. J. M. Robinson, was Peachland, and the bride thought to make their marriage romantic by celebrating the first wedding ceremony observed in the new country. An example for young couples who might follow after in the new country.

Rev. Mr. Whyte of the Presbyterian Church in Peachland performed the ceremony at the home of the bride, seventeen years ago this summer. After a date luncheon had been served, a launch, the "Rattlesnake," chartered by the groom from Dr. Dorland for the occasion, took the happy couple to the hotel 25 miles down the lake at Pentlaken for dinner, accompanied by a few members of the bridal party.

After the luncheon, the bride and groom, Mr. and Mrs. J. M. Robinson, B.A., groomsmen; Miss M. Smith, maid of honor; Miss Gwen Robinson, bridesmaid; Miss Candace McKechnie, dainty little flower girl; Mrs. G. H. V. Bulvey of Edmonton; Mr. J. M. Robinson and Mr. T. J. Smith.

Next day the bridal couple boarded the steamer that they used in those days to ply its solitary way up the lonely uninhabited valley and made their way into the great world outside, making their new home for six years in Portland, Oregon.

Two children blessed the union, Miss Marjorie McKechnie and Master Robert E. McKechnie.

A sanitarium scheme in 1907 attracted the doctor to the valley, which on his return he found blossoming as a mine and inhabited by a splendid class of people. However, after looking over the ground carefully and spending a delightful summer in Naramata the sanitarium scheme was postponed until times were better.

Dr. McKechnie then removed with his family to Vancouver where he soon attained high rank in his profession among the medical fraternity throughout the province, and occasionally, when his busy life permits, takes a flying trip to the Okanagan to renew his acquaintance with the valley that gave him his bride.

Mrs. McKechnie and Miss McKechnie are spending the summer in the valley with relatives and are now guests for a few weeks at the Hotel Incola at Pentlaken.
